Events - SSEN Transmission ([ssen-transmission.co.uk](https://www.ssen-transmission.co.uk))

Beauly to Blackhillock to New Deer to Peterhead 400kV OHL Project

Overhead line alignment consultation events

We are hosting a series of public events across the project route from 20 May until 20 June 2024. These events form part of the pre-application consultation process for the consent application that will be submitted under section 37 of the Electricity Act 1989.

To support the growth in renewable developments across the north of Scotland, investment in our network infrastructure is needed to connect this power and transport it to areas of demand. This includes a new 400kV overhead line between Fanellan near Beauly and Netherton near Peterhead connecting into new substations near Coachford near Blackhillock and Greens near New Deer.

We will be sharing our potential alignment for the overhead line, with alternative alignment options in some locations, presented through maps and visualisations.

Interested parties can attend our drop-in events to discuss our plans with the project team and share views. Feedback can be provided through printed forms available at the events, the online form available from the project webpage or in email to the Community Liaison Manager. The feedback period will be open until Friday 2 August 2024.

Any comments made to us as the Applicant are not representations to Scottish Ministers as the decision makers. There will be opportunity to make formal representations to Scottish Ministers via the Energy Consents Unit following the submission of the section 37 application.

If you have any questions, please do not hesitate to contact the Community Liaison Manager:

Ryan Davidson Tel: +44 7901 133 919
1 Waterloo Street, Glasgow, G2 6AY Email: ryan.davidson@sse.com

To find out more and register for project updates, visit the project website: ssen-transmission.co.uk/BBNP

@ssentransmission @SSETransmission

The events will be held at the following locations:

Monday 20 May, 3–7pm
Maud Village Hall,
Nethermuir Rd,
Maud, Peterhead, AB42 4ND

Wednesday 29 May, 2–7pm
Stewarts Hall,
15–17 Gordon St,
Huntly, AB54 8AJ

Tuesday 21 May, 2–7pm
