

Location Plan

Proposed Tower 400 kV

Proposed OHL Alignment 400 kV

OHL to be Removed

90° Field of View

53.5° Field of View

-The following images provide landscape and visual context only.

-View photomontages flat and at a comfortable arm's length. If viewing these images on a wall or board at an exhibition, you should stand at arm's length from the image presented.

-A visualisation can never show exactly what the Proposed Development will look like in reality due to factors such as: different lighting, weather and seasonal conditions which vary through time and the resolution of the

-The images provided give a reasonable impression of the scale of the towers and the distance to the towers, but can never be 100% accurate.

-To form the best impression of the impacts of the proposal these images are best viewed at the viewpoint

-The viewpoints illustrated are representative of views in the area, but cannot represent visibility at all locations.

-The images must be printed at the right size to be viewed properly (260mm by 820mm).

-If viewing photomontages on screen enlarge to full screen to gain an overview, enlarge to 100% to have a reasonable impression of the size of the development in the view.

-Vertical Limit of Deviation: the maximum height of a tower above ground level.

-The following images are type 3 visualisations and have been produced in accordance with Landscape Institute Technical Guidance Note 06/19 and NatureScot - Visual Representation of Wind Farms Guidance Version 2.2 - February 2017.

## Specific to:

Recreational & Amenity receptors: users of Dochgarroch Locks (THC-REC-1). users of the Caledonian Canal (including the Great Glen Canoe Trail), Core Path IN19.10 Caledonian Canal Towpaths (THC-REC-11).

This visualisation has been identified and created for use with the visual impact assessment, but can also be used to inform landscape impacts on LCT225 Broad Steep-Sided Glen.

For visual receptor and viewpoint locations refer to Volume 3: Figure 7.6 Visual Amenity Receptors and Viewpoint Locations and Figure 7.7 Visual Context.
