TRANSMISSION

Beauly – Denny 400kV Upgrade Project Fort Augustus 400kV Upgrade

Pre-application consultation event

SSEN Transmission invites you to come and share your views with us.

We are pleased to be hosting a statutory pre-application consultation as part of the formal Proposal of Application Notice (PAN) process on our proposed upgrade to the existing Fort Augustus substation. The PAN process is a key first step in the Town and Country planning process and kickstarts the six-week consultation period, during which all stakeholders are invited to provide feedback and comments on this project.

Our consultation period for this project opens on 30th November 2023 and closes on 11th January 2024.

The consultation will be held at the following date and location:

**Thursday 30 November
2023, 2–7pm**

**Fort Augustus Village
Hall, Church Road, Fort
Augustus, PH32 4DG**

During our face to face drop in event you will be able to view project information about our proposal, ask questions to the project team and share feedback ahead of submission of the planning application. We encourage all members of the local community and all interested parties to attend the event.

If you have any questions, please do not hesitate to contact the Community Liaison Manager:

Rosie Hodgart
