1	LB51712 Canmore ID 92619	255691	813715	Building	Undesignated	Carn Na Saobhaide	This asset consists of a building that was recorded by NMRS. The single building is unroofed and depicted on the 1 st and 2 nd edition OS 6-inch maps where it is labelled as 'Bothy'. It is no longer seen through survey or on the current OS map. The bothy is likely to be associated with the hunting activities of the estate, offering shelter to the deer watcher to report on the movements of the deer.	Post-medieval	Low
2	Canmore ID 241307 MHG46204	254936	813686	Structures	Undesignated	River E - Structures	This asset consists of a semi-circular structure 9m in diameter by the edge of the road. To the west of this structure there is a corresponding sheepfold (HA5). This could not be identified when surveyed in February 2022. It is likely that the asset no longer survives and may have been impacted on or removed during the construction of the access track present in the location.	Post-medieval	Low
3		255590	813620	Settlement	Undesignated	Settlement	This asset consists of a group of six structures. These include rectangular structures, turf bank walls, and circular depressions. This may be indicative of a previous settlement or group of seasonal shellings associated with the Bunkevie settlement by Garthbeg. This could not be identified when surveyed in February 2022.	Post-medieval	Low
