

Kintore to Tealing 400 kV Overhead Line

Environmental Impact Assessment Report (EIAR)

Volume 3: Figures

August 2025

Kintore to Tealing 400 kV Overhead Line

Environmental Impact Assessment Report (EIAR)

August 2025

Volume 3: Figures

Contents

CONTENTS

Chapter 1: Introduction and Background Figures

Figure 1.1: Overview of the Proposed Development

Chapter 2: Established Need for the Proposed Development Figures

There are no figures associated with this chapter.

Chapter 3: Project Description Figures

Figures 3.1.1 to 3.1.29: Proposed Development for which Section 37 Consent (*Electricity Act, 1989*) is sought

Figure 3.2: Overview of the Proposed Development and Local Authority Boundaries

Figures 3.3.1 to 3.3.29: Overview of the LOD Variations

Figures 3.4.1 to 3.4.3: Tower Design

Figure 3.5a-c: Indicative Cable Sealing End Compound Design

Figures 3.6.1 to 3.6.2: Typical Access Track Cross Sections (Indicative)

Figure 3.7: Typical Bellmouth Layout (Indicative)

Figures 3.8.1 to 3.8.19: Indicative Public Road Improvement Works

Figures 3.9.1 to 3.9.3: Passing Places Indicative Design

Figures 3.10.1 to 3.10.2: Typical Watercourse and Gas Main Crossings (Indicative)

Chapter 4: Alternatives and the Routeing Process Figures

Figure 4.1.1: Overview of Corridor Options

Figure 4.1.2: Corridor Options (Section 1)

Figure 4.1.3: Corridor Options (Section 2)

Figure 4.1.4: Preferred Corridor

Figure 4.2.1: Overview of Route Options - Sections A to F

Figures 4.2.2 to 4.2.7: Overview of Route Options - Section A to F

Figure 4.2.8: Preferred Route Prior to May 2023 Consultation

Figure 4.2.9: Preferred Route Following May 2023 Consultation

Figure 4.3.1: Overview of New Route Options - Sections D and E

Figure 4.3.2: New Route Options - Section D

Figure 4.3.3: New Route Options - Section E

Figure 4.3.4: New Route Option - Section F

Figure 4.3.5: Proposed Options Following March 2024 Consultation

Figure 4.4.1: Overview of Potential Alignment and Alternative Alignments - Sections A - F

Figures 4.4.2 to 4.4.7: Potential Alignment and Alternative Alignments - Section A to F

Figure 4.4.8: Design Development Locations

Figure 4.4.9: Proposed Alignment

Chapter 5: EIA Process and Methodology Figures

Figures 5.1.1 to 5.1.6: Cumulative Developments

Chapter 6: Scope and Consultation Figures

There are no figures associated with this chapter.

Chapter 7: Land Use and Prime Agricultural Land Figures

Figures 7.1.1 to 7.1.7: Land Capability for Agriculture

Figures 7.2.1 to 7.2.7: Recreational Assets

Chapter 8: Forestry Figures

Figures 8.1.1 to 8.1.15: Forestry Study Area

Figures 8.2.1 to 8.2.15: Baseline Age Class Structure

Figures 8.3.1 to 8.3.46: Baseline Species Composition

Figures 8.4.1 to 8.4.15: Proposed Development Felling Plan

Figures 8.5.1 to 8.5.15: Proposed Development Restocking Plan

Chapter 9: Landscape and Visual Amenity Figures

Figure 9.1: Landscape and Visual Impact Assessment Study Area

Figure 9.2a: Landscape Character Types Overview

Figures 9.2b.1 to 9.2b.6: Landscape Character Types

Figures 9.2c.1 to 9.2c.6: Landscape Character Types with Overhead Line Tower Height Zone of Theoretical Visibility (ZTV)

Figure 9.3a: Overhead Line with Viewpoint Locations

Figures 9.3b.1 to 9.3b.6: Visual Receptor Area, Viewpoint Locations with Overhead Line Tower Height Zone of Theoretical Visibility (ZTV)

Figures 9.4a.1 to 9.4a.6: Designated Landscapes

Figures 9.4b.1-9.4b.6: Designated Landscapes with Overhead Line Tower Height Zone of Theoretical Visibility (ZTV)

Figures A9.3.1a to A9.3.1y: Residential Properties within 225m of Proposed Development

Chapter 10: Cultural Heritage Figures

Figures 10.1.1 to 10.1.27: Heritage Assets: Inner Study Area

Figures 10.2.1 to 10.2.11: Designated Heritage Assets: Outer Study Area (and those outwith the Outer Study Area included in the Assessment)

Chapter 11: Ecology Figures

Figures 11.1.1 to 11.1.23: The Proposed Development and Ecology Survey Area

Figures 11.2.1 to 11.2.5: Designated Sites within 10 km, 5 km and 2 km of the Proposed Development

Figures 11.3.1 to 11.3.38: Habitat Survey Results

Figures 11.4.1 to 11.4.23: National Vegetation Classification Survey Results

Figures 11.5.1 to 11.5.11: Areas of Guidance-Stated Potential Groundwater Dependency

Figures 11.6.1 to 11.6.23: Protected Species Survey Results

Figures 11.7.1 - 11.7.23: Bat Survey Results

See **Volume 6** for Confidential Figures 11.8.1 to 11.8.23: Confidential Protected Species Survey Results

Figures A11.5.1a to 11.5.1al: Baseline Habitats used in BNG Assessment

Chapter 12: Ornithology Figures

Figures 12.1.1 to 12.1.2: The Proposed Development and Ornithology Survey Area

Figures 12.2.1 to 12.2.2: Ornithological Designated Sites within 20 km and 5 km

Figures 12.3.1 to 12.3.8: Breeding Bird Surveys

Figures 12.4.1 to 12.4.5: Flight Activity Surveys

Figures 12.5.1 to 12.5.6: Winter Goose Foraging Surveys

See **Volume 6** for Confidential Figures A12.6.1 to A12.6.6: Confidential Breeding Schedule 1/Annex 1 species and black grouse

Figures A12.7.1 to A12.7.5: Bird Flight Diverter Placement

Chapter 13: Hydrology, Hydrogeology, Geology and Soils Figures

Figure 13.1: Hydrology Overview

Figures 13.2.1 to 13.2.26: Hydrology, Flood Risk and Buffers

Figures 13.3.1 to 13.3.15: Groundwater Abstractions, Water Supplies and GWDTE

Figure 13.4: Bedrock Geology

Figure 13.5: Superficial Geology

Figures 13.6.1 to 13.6.7: Soil Classification

Figures 13.7.1 to 13.7.7: Carbon and Peatland Classification (NatureScot, 2016)

Figures 13.8.1 to 13.8.26: Probe Depths

Chapter 14: Traffic and Transport Figures

Figure 14.1: Transport Assessment Survey Locations and Sections for Transport Assessment

Chapter 15: Noise and Vibration Figures

Figures 15.1.1 to 15.1.18: Noise Sensitive Receptors (NSRs)

Chapter 16: Cumulative Effects Figures

Figures 16.1.1 to 16.1.7: Cumulative Assessment

Chapter 17: Schedule of Mitigation

There are no figures associated with this chapter.

Chapter 18: Summary of Effects

There are no figures associated with this chapter.
