1. DESIGNATED HERITAGE ASSETS OUTWITH THE OUTER STUDY AREA

- 1.1.1 This appendix provides a list of those designated heritage assets that are located outwith the 3 km outer study area but which were identified through consultation with statutory consultees as requiring consideration (see **Volume 5, Appendix 10.2: Cultural Heritage Consultation Responses** for details), and those heritage assets identified beyond 3 km from the Proposed 400 kV OHL Alignment that are considered to be especially sensitive to changes on their setting from the Proposed Development and which are included in the cultural heritage assessment.
- 1.1.2 The assets have been organised by designation type (ie Scheduled Monuments, Listed Buildings, Inventory Garden and Designed Landscapes, and Conservation Areas) from south to north along the Proposed Development and by geographical Sections A-F.
- 1.1.3 Assessment of the likely significance of effects of the Proposed Development on the settings of these designated heritage assets is provided in **Volume 5, Appendix 10.11: Detailed Assessment of Designated Heritage Assets outwith the Outer Study Area**.
