

Black Bridge Project

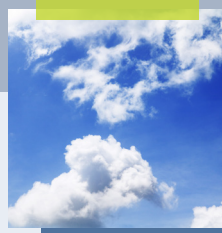

Feedback Events

We are pleased to be hosting a second round of public Pre-Application Consultation (PAC) events for our proposals to replace the Black Bridge near Kilmorack, following our initial events in December and feedback period which closed on 13 January.

These proposals would provide a permanent access solution of our proposed largest permanent site plant and would significantly reduce traffic movements through Kiltarlity while also safeguarding ongoing access for other heavy vehicles to key parts of the community, maintaining an important local transport route for current and future generations.

During our face-to-face drop-in events you will be able to view our proposals and submit questions and comments to the project team. Further details will be available on the project website.

If you are unable to attend these PAC events or wish to view the consultation materials, these will be on display and available to download from the project documents section of the project webpage: ssen-transmission.co.uk/fanellan

The events will be held on the following dates, times and locations:

Thursday 17 September, 12–2.30pm

Phipps Hall, Beaulieu, IV4 7EH

Thursday 17 September, 4–6.30pm

Kiltarlity Village Hall, IV4 7HH

If you have any questions about the project please contact the Community Liaison Manager:

Lucy Ibison

10 Henderson Road, Inverness IV1 1SN

Tel: 07918 773 545

Email: fanellanengagement@sse.com
