Sloy Power Station Transformer Replacement Project Virtual Consultation

SSEN Transmission invites you to share your views with us

What is happening?

Scottish and Southern Electricity Networks Transmission (SSEN-T) are holding a virtual consultation exhibition to gather your views and feedback on our proposals for transformer replacement works required at Sloy Power Station. In lieu of being able to hold face-to-face public consultation in the local area we are hosting a virtual online consultation exhibition to provide detail about this proposed project.

What are we consulting on?

We are developing plans to replace four transformers and associated equipment due to ageing and consequent deterioration in their condition which poses a risk of multiple unit failure.

If you have any questions, please do not hesitate to contact our Community Liaison Manager Sally Cooper

Sally Cooper
Community Liaison Manager,
10 Henderson Road, Inverness, IV1 1SN
(Return address)

Mob: +44 (0) 7918 470 281 Email: sally.cooper@sse.com

When is the consultation?

The virtual consultation is being held on Tuesday 24th August 2021 and the project team will be available for live chat sessions at midday-1.30pm and 5pm-7pm. To find out how you can join these live interactive sessions please visit the website;
www.ssen-transmission.co.uk/projects/sloy-power-station-transformer-replacement-project/

How can I get involved?

This virtual consultation event has been designed to be as interactive as face-to-face events, allowing for presentation of key project information and plans, as well as providing the opportunity to ask questions about our proposals. Visitors will be able to engage directly with the project team via a live chat function, providing the opportunity for visitors to ask questions and provide feedback on our proposals.

The interactive consultation sessions will be taking place on:

Tuesday 24th August 2021
with live chat sessions at
midday-1.30pm and 5pm-7pm
