Extent of 50mm single frame image

**V4b Figure 7- 36b - Viewpoint 36: Loch Brora**

Distance to the development: 540m    Camera: Canon EOS R5    Focal Length: 50mm vertical (27°) x 28mm horizontal (65.5°)    Camera height: 1.5m    Date: 27/11/2024 15:00

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.

Grid Reference: 285620 907781      Distance to the development: 540m      AOD: 23m      Direction of view: 238°

This viewpoint is on an unnamed road on the east shore of Loch Brora.

Travel south on the A9 from Brora and turn right, directly before the bridge at the river Brora towards Brora Heritage Centre and Recreation Area. Continue for approximately 7km. After passing Killin, stop at the passing place on the left, after another 500m.

The camera location is at the south end of the passing place, as shown in the adjacent photograph.
