Inveraray – Crossaig Project

Pre-Construction Works

Temporary Traffic Lights

Pre-construction works for our Inveraray – Crossaig project are due to commence at the end of September this year.

We're focused on keeping disruption in the area to a minimum and will therefore be diverting a lot of our construction traffic through access tracks. We will however need to widen some bell-mouth junctions around the A83, A819 and Old Military Road for access to these tracks and will be required to install some temporary traffic lights whilst we do so.

Temporary traffic lights on the entrance to Inveraray from these roads will be phased between the 30 September 2019 and the 09 November 2019.

For more information about the Inveraray - Crossaig project, please visit the project webpage:
www.ssen-transmission.co.uk/projects/inveraray-crossaig

We thank you in advance for your patience whilst we carry out these essential works.
