

Scottish & Southern  
Electricity Networks

# Peterhead 400kV Substation Proposal

Peterhead Rescue Centre

Wednesday 21st November

14.00 - 19.00

## Come and talk to us

Scottish and Southern Electricity Networks (SSEN) will be submitting a planning application to Aberdeenshire Council for a new 400kV Substation in Peterhead adjacent to the existing Peterhead Power Station, we will also be providing information about other works across the North East of Scotland and the need for this Substation proposal at Peterhead.

SSEN would like to extend an invitation to local members of the community and interested parties to attend an exhibition to discuss our plans with the project team and let SSEN know their views on the proposal.

**Gary Donlin**

Community Liaison Manager,  
Transmission,  
1 Waterloo Street, Glasgow  
G2 6AY (Return address)
